Course Description:

The students of Dominican International School embark on an exciting journey where students will understand and practice Universal and Christian values. They will appreciate love and trust as well as the importance of respecting each other and to be responsible for the environment. They will learn to respond to the signs of the times, be mindful of what is happening in the world, and live a moral life. As Christians and non-Christians alike, students will come to know who God is and learn about God the Creator. Students will understand that God gave us life and that He wants to be our friend as well as He wants us to be friends with others. Students will learn that Jesus' words and actions teach us how to love and serve God and others.

Course Requirements:

- The course will be conducted through lectures, discussions, practice material, projects, and student presentations. Students are strongly encouraged to raise questions and make comments in class. Participation is the key to success.
- Students are required to complete each assignment by the date that it is assigned. Staying on track with assignments will facilitate understanding of the class material.

- Students are expected to organize their own class materials and to keep their work neat and tidy. Parents are encouraged to help students by labeling personal items with identification stickers with the student's name in English.
